Dear Owen

Many thanks for all your trouble over the photos, they are very interesting as I haven't any such record of the "old gang".

I return Phyl's letter re our "tree" altho I think it's a lot of "Bark", however Phyl is like Grace (nee) Hopkins; both like delving into the past which I dare say is interesting, Grace tried to delve into our relationship to the Hershaw millions lying in Chancery but unfortunately ^{lost} marriage certificates spoiled our chances.

Ruth sends her love to you & yours & again Owen many thanks.
Love Ed
