

"The Creek"

Currumbin Valley
20 May 1984.

Dear Phyllis,

Nice to hear from you
again Thank you also for the photo's
I was pleased to get them, from a family
resemblance ^{angle} also, she could pass almost
for a twin sister of my younger sister
Lila (at the same age) it is amazing
how the genes come around again Lila
is now in the late sixties.

I have given your letter to my niece
Heather Wort, (Pronounced Wert)
She is on the edge of the Pro class
I think I heard where she does part-
time with the Society. (Family History)
However she would be the person
to contact for information, regarding
any branch of the family. When our
daughter Jan, son in law & granddaughter
visited us for 4 weeks in April we
visited Heather & she showed us all

The paper work she has waded through I was really surprised, but to what extent she has gone with the Hills I wouldn't know.

You mention Blayney in your letter did you know that one of my mother's sisters lived in Wellington Fraser was the name, but I have never met any of them, I also have a Paternal Uncle Stan visits Orange to stay with a married daughter I don't know her name Uncle lives in Canberra with his daughter Jais a surname like Barwell, he used to be involved with Canberra TV & Radio Management, he is 93 (The Uncle)

In 1939 my wife Bella^{AN} took my mother for a run down south as far as Eden we stayed with Aunt Aggie for one night, and as you say, she almost looked sick, Ena & Grace also had that look. I cannot recall who was there Cec. was away, I think I think there was

Someone else there, could it be I've
I think Uncle Fred had died, I cannot
remember him.

I remember seeing a photo of Mary Hill
Wedding I think & it didn't take long to
connect with the name, your information
about my father's two marriages is
correct.

I have asked Heather to write to you
& pass on what information she has re
the Hills. I'm sure she will, I know
she made a note of your address, she
is at present down Orange way for
a wedding. (I'm told it is Dungog.)

Bella^{wife} is at the moment in the
Southport Hospital with Asthma, she
had over 3 weeks of Hospital, with it
after Christmas & now another week so
far, but is at present as bright as a
button, the weather is showery here & I have
problem's drying her clothes However!! -
Once again nice to hear from you. Hope you
are both well

Sincerely yours

Ruth Taylor
