Dear Phyllis,

Thank you for your kind
letter of sincere expression of sympathy.
It was a comfort to receive it.

Dad had not been well
for about 4 years, but managed
fairly well up until about 18
months ago, with this year from
the start difficult for him. His
strong constitution & philosophy
stood by him, & as you say he
did have Mike Jack's quality.

There was a lot of
acknowledgement from his cousins
during the last few years, & every
few months brought one or other
calling on him. We enjoyed them
all & we would like to think they
knew the pleasure their calls gave.

Your notes & copies of the
family record were enjoyed (we all
read them) & were preserved.

His last weeks were
comfortable, but did require fairly
solid medication.

We are grateful &
comforted by the letters from
last one of your family & our
sincere thanks go to you.
Laurie

P.S. I saw Stella Joyes (Thompson) in
June & she mentioned you.
