

415 Alan Walker Village,
Carlingford 2118.
28 April '95.

Dear Phyl,

Gwen and I would like you to know how much we appreciate your remembrance of us on our Diamond Wedding Anniversary.

Our family celebration, the Morning Tea at West Epping Church on Sunday 26 March, and the luncheon at Manly on the 30th were very happy and memorable experiences.

Our uppermost thought is of thankfulness to God for our faith and all His blessings, and to our family and friends for their loving interest and support through the years.

Many thanks for your letter to us. We much appreciated the references you made which kindled our memories of past years.

For some years now Gwen has had no central vision (macular degeneration) so I am writing for her as well as myself.

We have happy memories of Winice & Mae & actually it was when my brother Charles asked me to go to their home & the Church service at

Postwood way back in 1931 that I first met Gwen.

The stained glass window in Winice's memory is still in the church between the organ pipes.

Charles had a stroke a couple of years ago from which he has not fully recovered. He was having falls at home & in the street & has been in hospitals & nursing homes. For nearly two years he has been at the War Veterans Village at Hassabean. He is in a wheel chair. We visit him regularly. Fortunately, at 90 yrs of age I can still drive my car.

Gwen is 84. We have been in this Village for 8½ yrs. We are very happy here, but we are limited in what we are able to do & where we are able to go. We attend West Eppip Church which is a very active & friendly congregation.

We were very interested to read that you & Ross had been married for 55 years & that Ross was still able to live a fulfilling & creative life notwithstanding his handicap.

If you are in Sydney give us a call, (804. 7932) we would be glad to see you.

With thanks again. God's blessings always to you,
Ross & your family.

With our love,

Gwen & Ron P.
